

Top fabric A × 1

Top fabric B × 1

Backing × 1

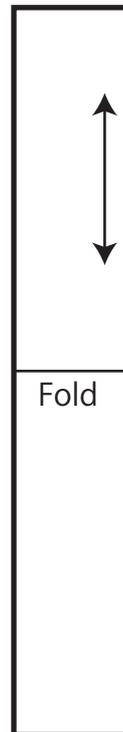

\* The basic seam allowance is 1.0 cm.

\*  Cutting line

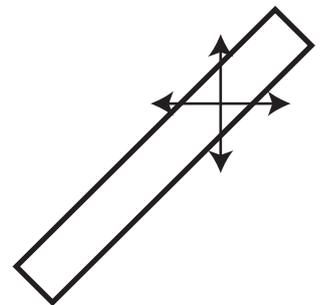

\*  Stitching line

\* Arrows indicate the direction of the fabric grain.

Loop × 1

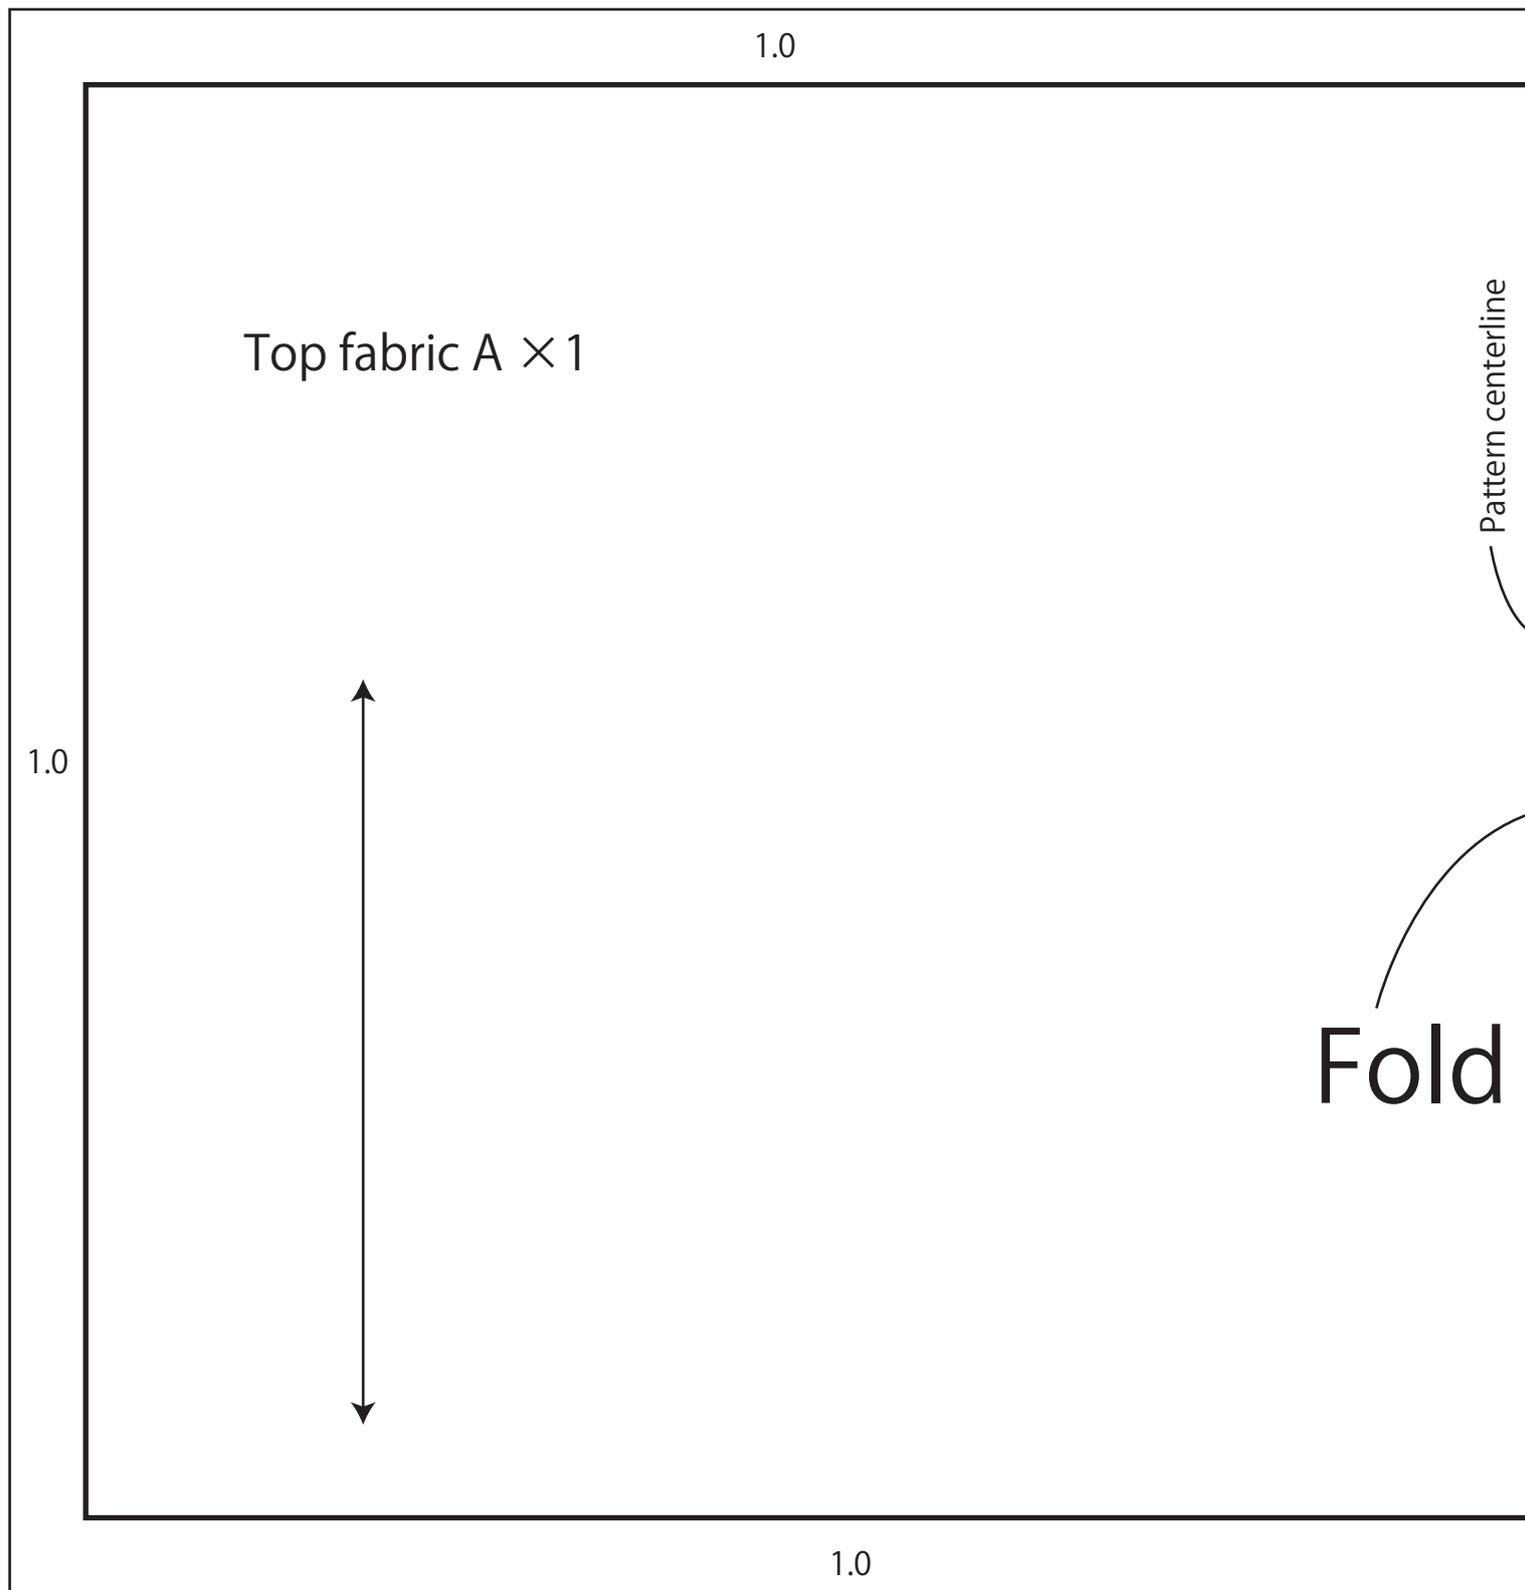

Bias strip × 2

\* The backing patterns must be joined.

\* The tissue box cover requires 5 patterns.

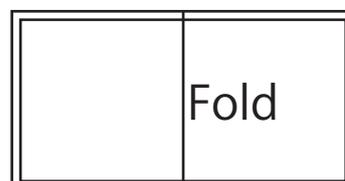

Top fabric A

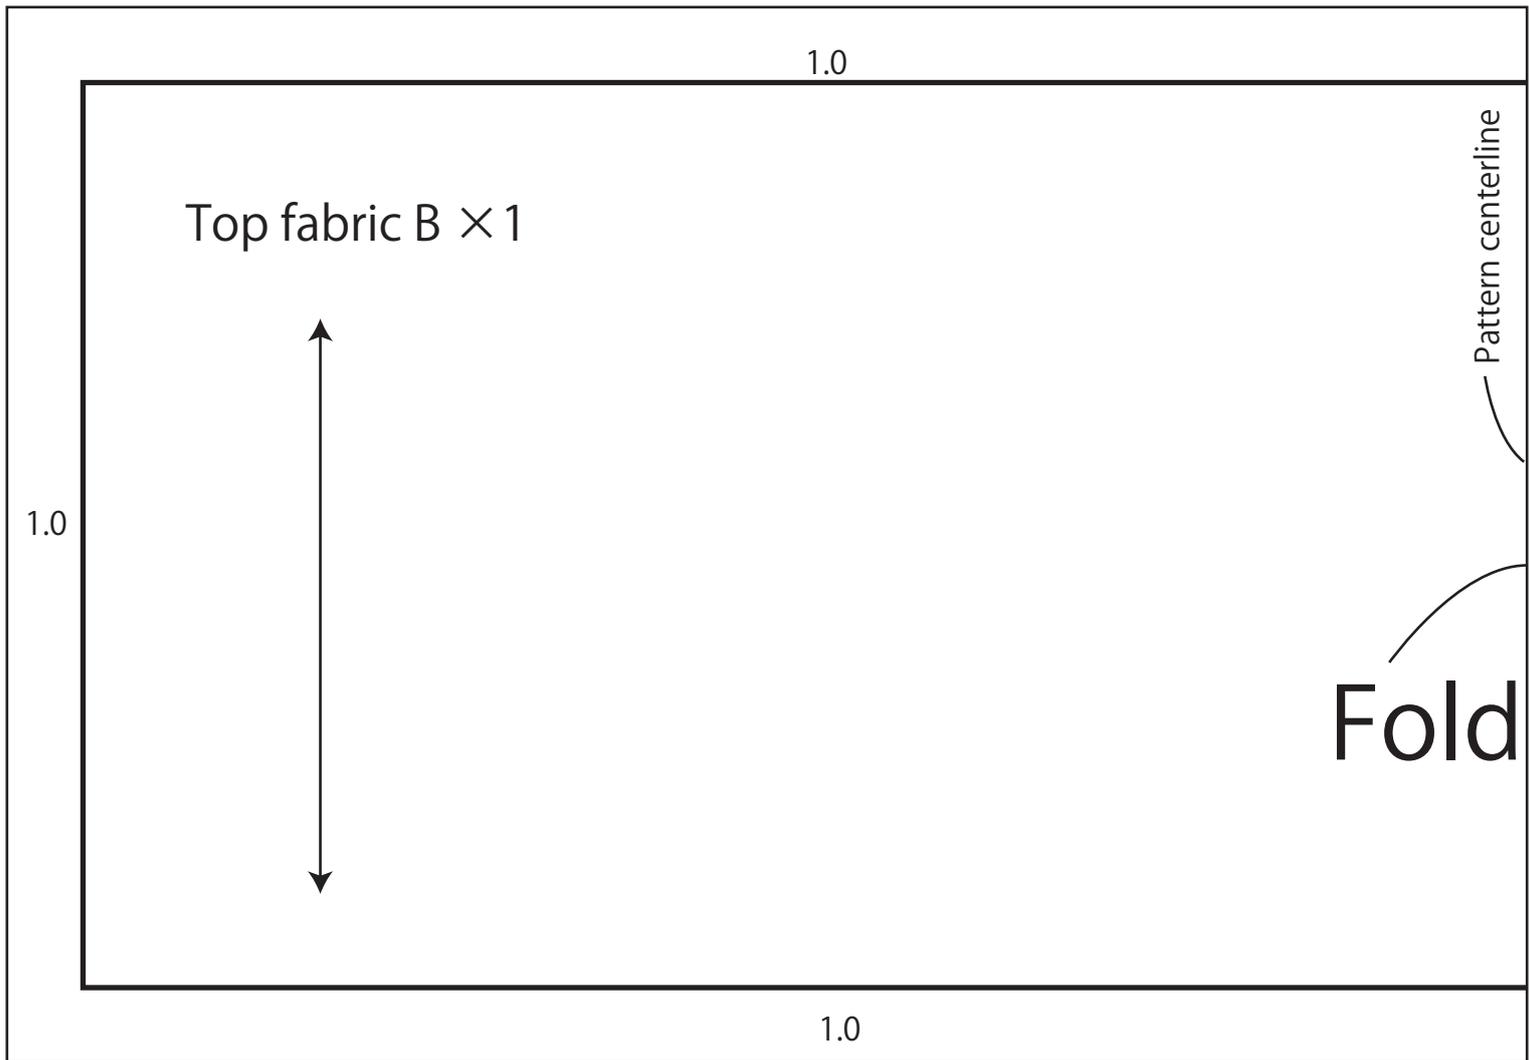

★ The Top fabric A pattern is only one half.

Cutting the fabric will be easier if you join two copies of the pattern as shown at the right.

All seam allowances are 1 cm. Cutting will be easier if they are added to the pattern.

Top fabric B

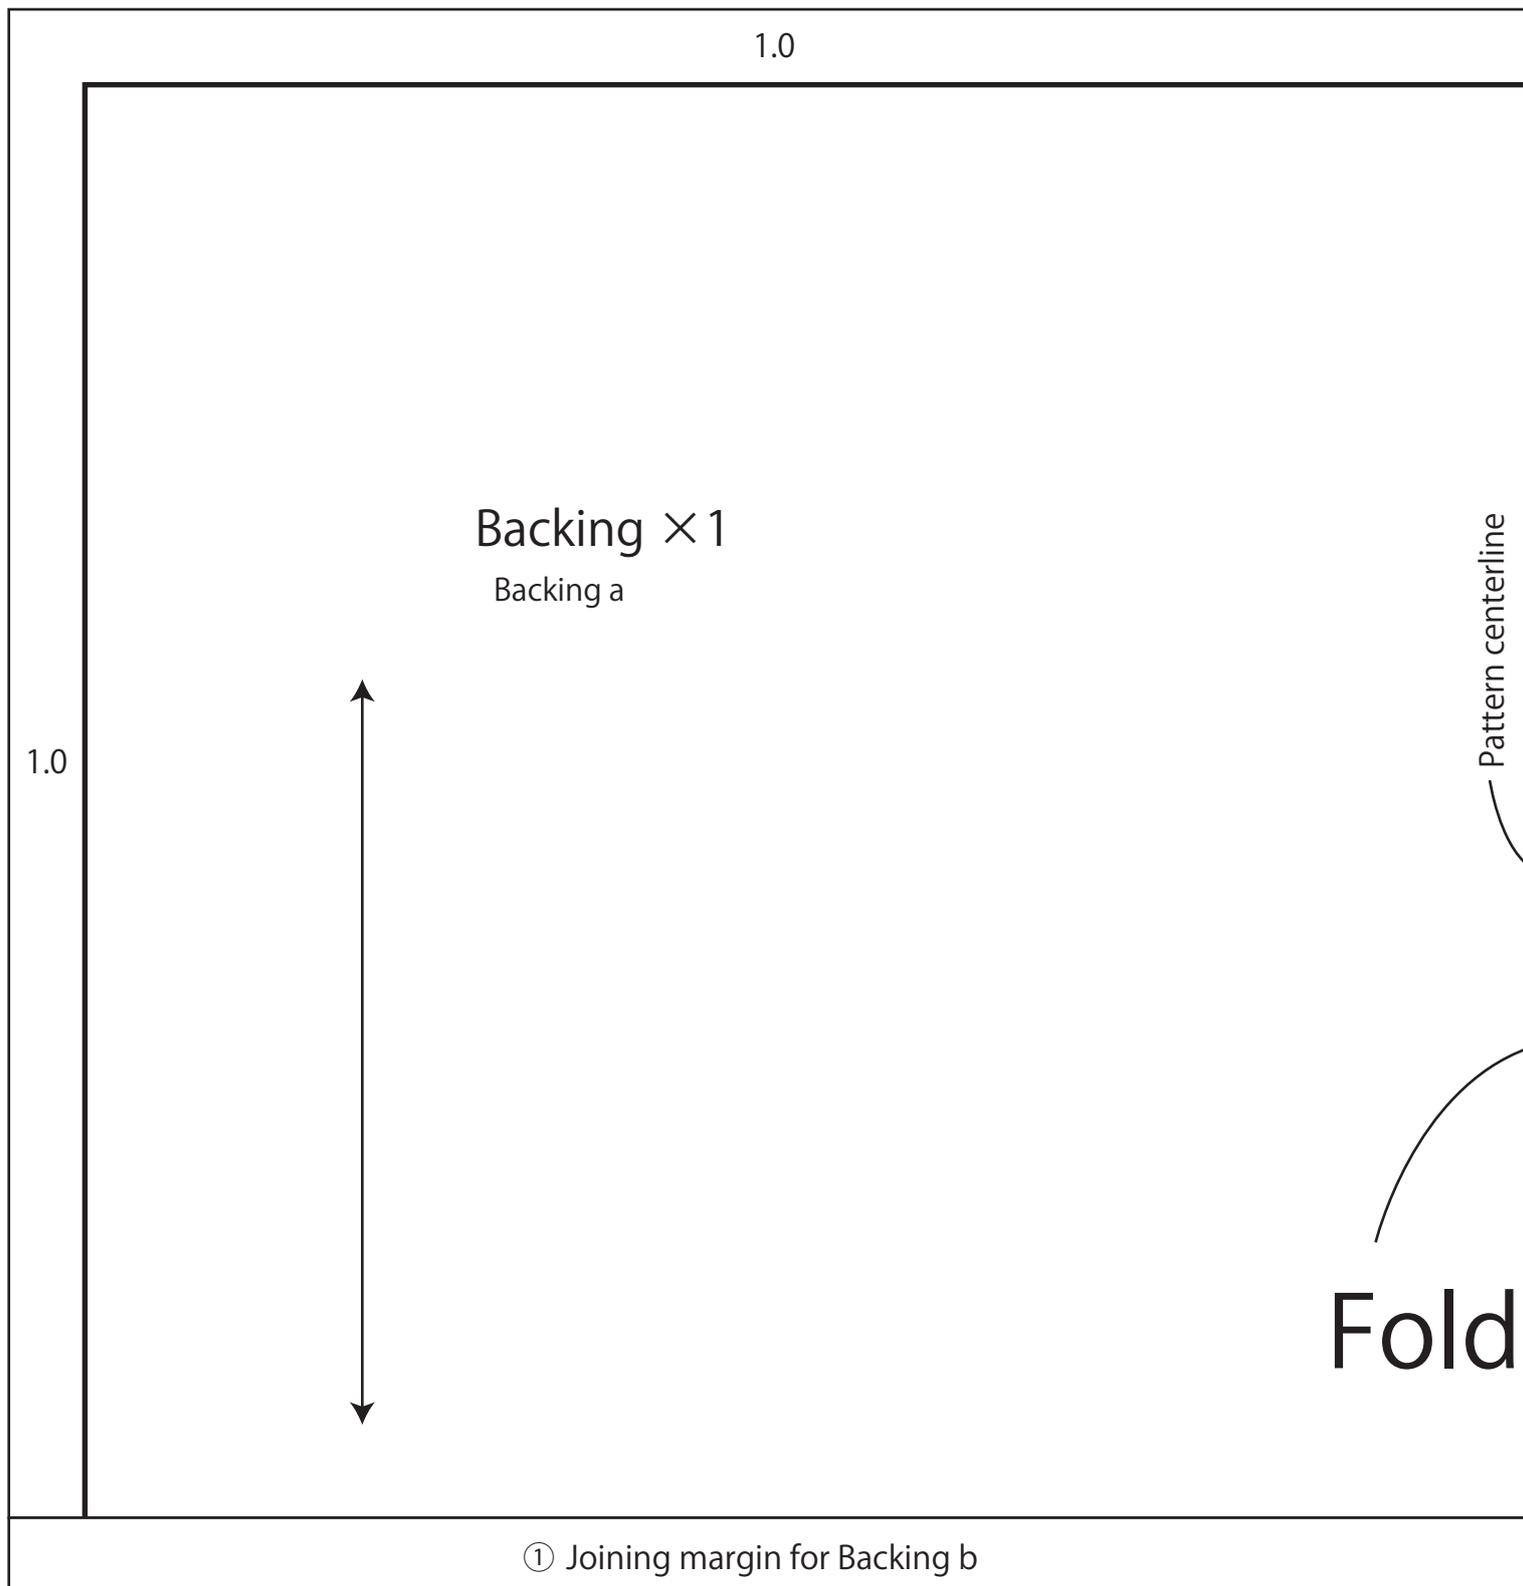

★ The Top fabric B pattern is only one half.

Cutting the fabric will be easier if you join two copies of the pattern as shown at the right.

All seam allowances are 1 cm. Cutting will be easier if they are added to the pattern.

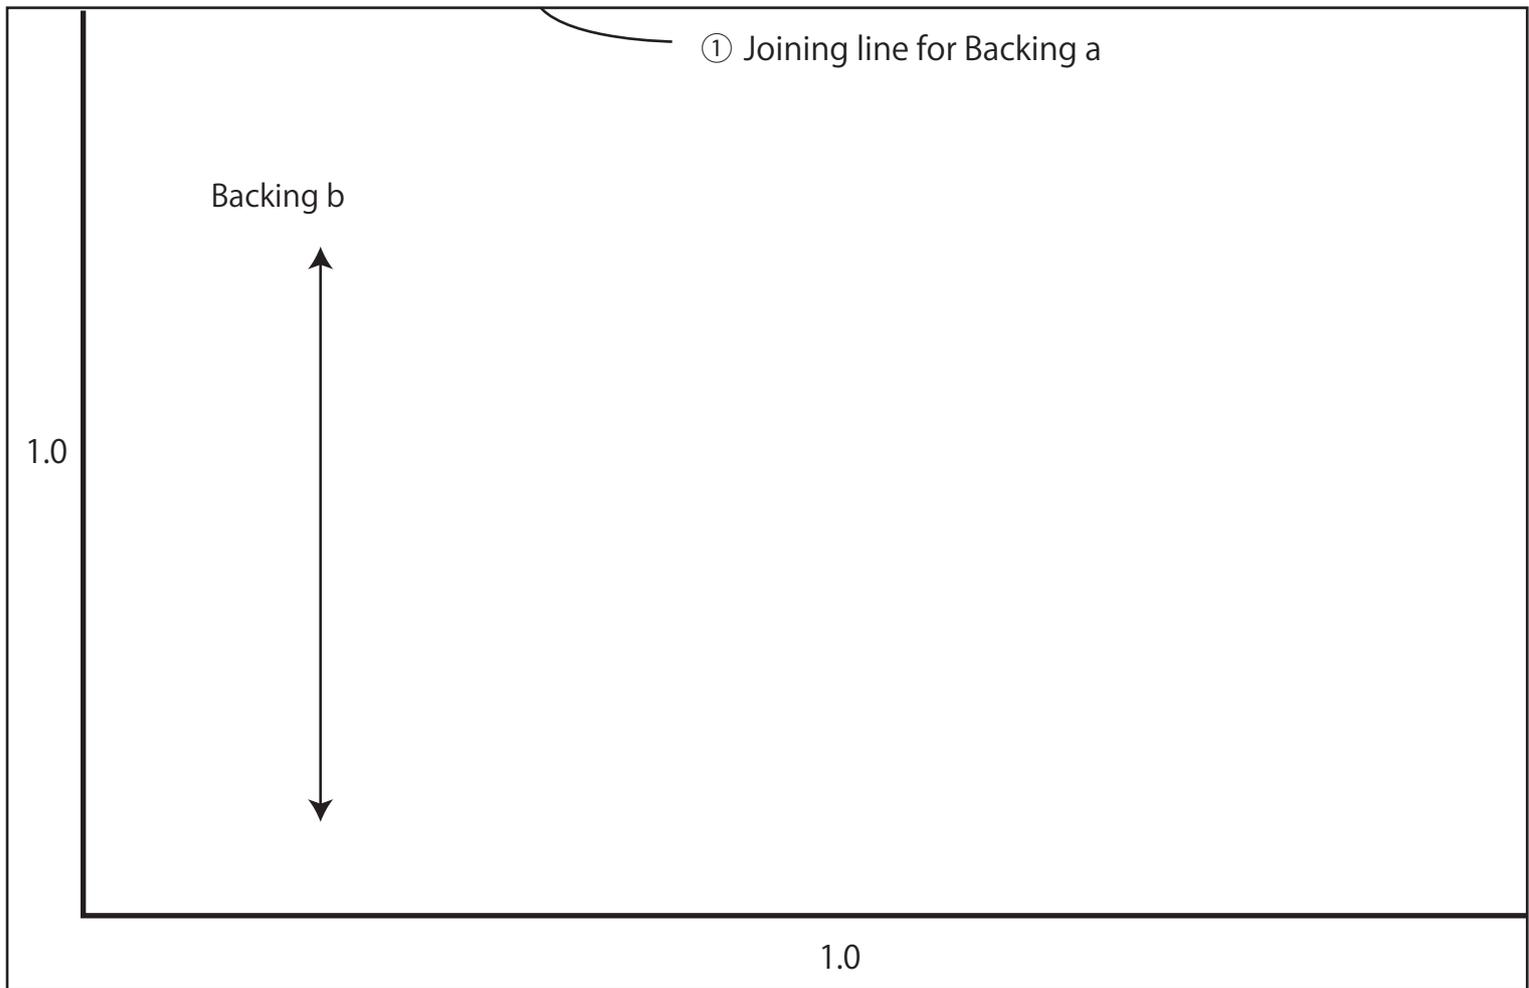

Backing a

\* Join Backing a and Backing b at the joining lines to create a single pattern. ①

Backing b

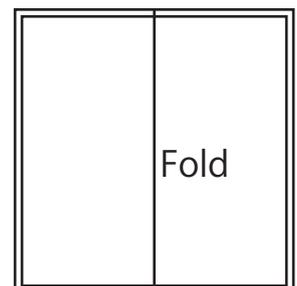

\* Join Backing a and Backing b at the joining lines to create a single pattern. ①

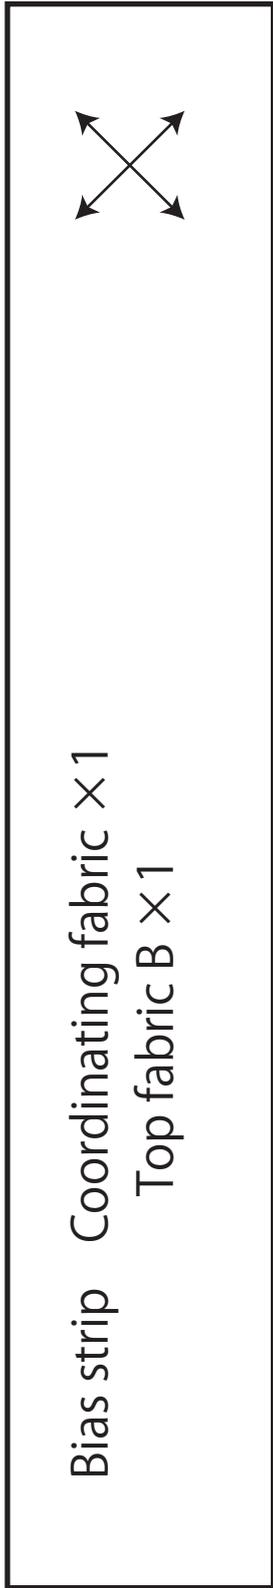

★ The backing pattern is only one half.

Cutting the fabric will be easier if you join two copies of the pattern as shown at the right.

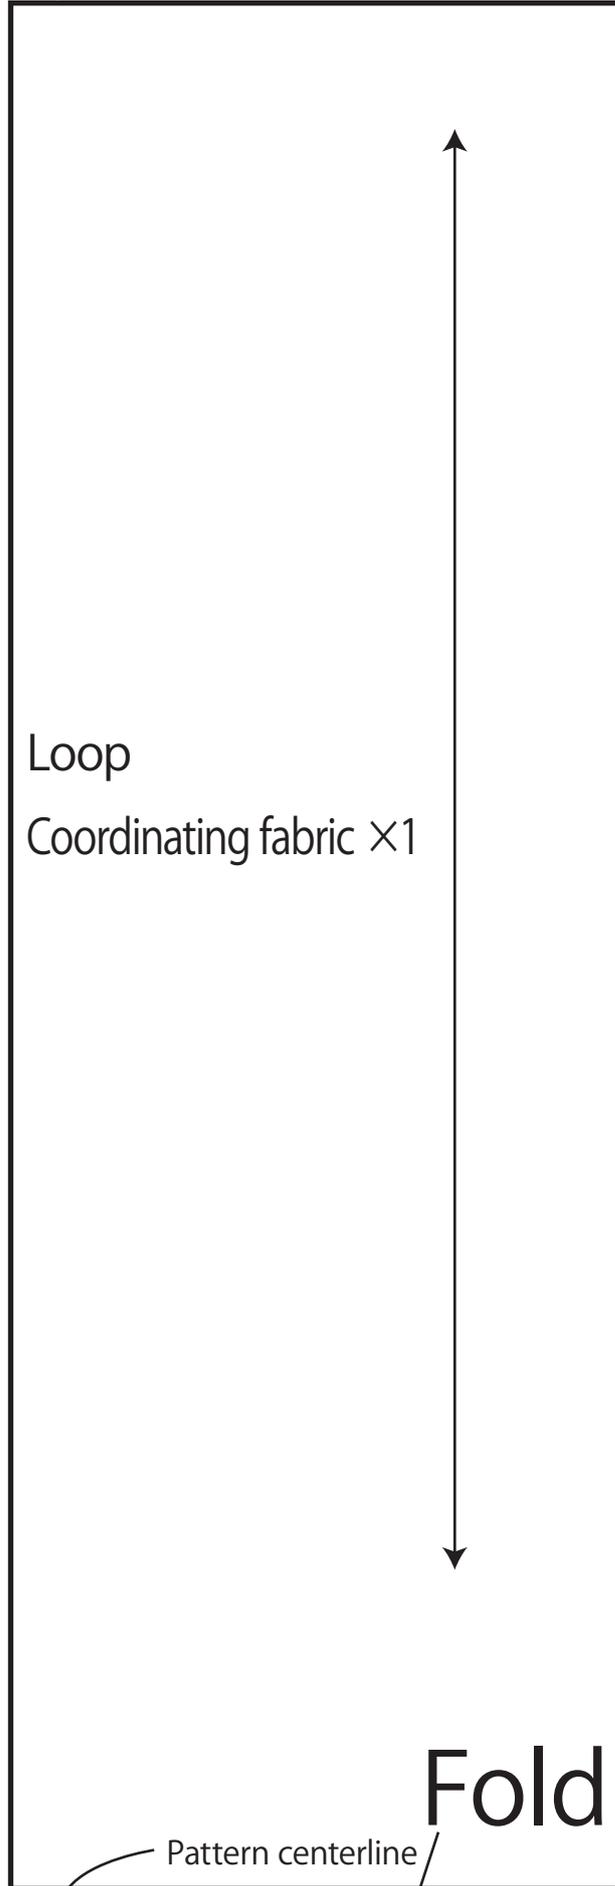

All seam allowances are 1 cm. Cutting will be easier if they are added to the pattern.

Bias strip

Loop

★ The loop pattern is only one half. Cutting the fabric will be easier if you join two copies of the pattern as shown at the right.
